Me & My Surroundings

Class III • Parent-readable notes

What this unit is about

This unit is about the people and places around Ambar every day — his family, home, school, neighbourhood, and the helpers who keep the community running. Questions test who does what, how we behave with others, and good daily habits.

1. Family

- A **family** is a group of people who live together and care for one another.
- **Nuclear family**: parents and their children only.
- **Joint family**: parents, children, grandparents, uncles, aunts, cousins living together.
- **Roles**: parents give love, food, and education; grandparents share wisdom and stories; siblings are our first friends.
- **Our duties at home**: keep our room tidy, help elders, share, and listen.

2. Home

- A home gives us **shelter, safety, and comfort**.
- Basic needs a home meets: **food, water, clothing, shelter**.

3. School

- School is a place of **learning**.
- **Principal** — head of the school. **Teacher** — teaches and guides. **Peon/helper** — assists. **Students** — learn together.
- **School rules** keep everyone safe and orderly: reach on time, wear uniform, respect teachers, help classmates.

4. Community helpers (very commonly tested)

Helper	What they do
Doctor	Treats sick people
Nurse	Helps the doctor care for patients
Teacher	Teaches students
Farmer	Grows crops and food
Postman	Delivers letters
Police officer	Keeps law and order, keeps us safe
Firefighter	Puts out fires
Plumber	Fixes water pipes
Barber	Cuts and styles hair
Pilot	Flies aeroplanes
Driver	Drives buses, cars, trucks

5. Good habits & manners

- **Hygiene:** brush teeth twice a day, bathe daily, wash hands before eating.
 - **Manners:** say *please*, *thank you*, *sorry*; wait for your turn; don't interrupt elders.
 - **Cleanliness:** never litter; keep home, school, and neighbourhood clean.
-
-

Common exam traps

- A **postman delivers letters** — not a policeman.
 - A **nurse assists the doctor** — the nurse is not the same as a doctor.
 - **Firefighter** puts out fires (not a police officer).
 - Joint family ≠ nuclear family — a joint family has *more* relatives together.
