

SOF IGKO — Unit 10 Deep-Dive

Life Skills

Class III • Parent-readable notes

What this unit is about

Good values and everyday skills — honesty, kindness, teamwork, communication, leadership, and managing time. These questions ask what the *right thing to do* is in a situation.

1. Moral values

Value	Meaning
Honesty	Always telling the truth
Kindness	Being nice and helping others
Courage	Being brave to do the right thing
Respect	Honouring elders, teachers, and others' feelings
Patience	Waiting calmly without getting upset

2. Teamwork

- Working **together** toward a common goal.
- Good teamwork means **sharing tasks fairly**, **helping** teammates, and **communicating**.
- One person doing everything, or refusing to help, is **not** teamwork.

3. Communication skills

- **Listen** carefully when others speak.
- **Speak politely** and clearly; don't interrupt or shout.
- **Empathy** — understanding how another person feels.
- Body language: smile, make eye contact.

4. Leadership

- A good leader **listens**, **guides**, and **inspires** the team — not just gives orders.
- Takes **responsibility** and sets a good example.

5. Time management

- **Plan** your day: time for study, play, meals, and rest.
 - **Prioritise** — do important things first.
 - **Punctuality** — being on time; not wasting time.
-
-

Common exam traps

- The **honest** choice is always to **admit a mistake / return a lost item** — never hide or blame others.
 - A good **leader listens** to the team (does not just command).
 - **Rudeness** is not a value — spot it as the odd one out among honesty, kindness, respect.
 - **Empathy** = **understanding others' feelings**, not ignoring them.
-
-

Quick recall

1. Telling the truth → **honesty**
2. Understanding others' feelings → **empathy**
3. Working together → **teamwork**
4. Being brave to do right → **courage**
5. Waiting calmly → **patience**
6. Found a lost wallet → **hand it to a teacher / owner**
