

SOF IGKO — Unit 11 Deep-Dive

Current Affairs & Developments

Class III • Parent-readable notes

What this unit is about

Important days and festivals, well-known organisations, space and science achievements, and staying aware of the world. (Always confirm the very latest names/dates close to the exam, as some current facts change.)

1. Important national days

Day	Date
Republic Day	26 January
Independence Day	15 August
Gandhi Jayanti	2 October
Children's Day	14 November
Teachers' Day	5 September

2. Major festivals

- **Diwali** — festival of **lights** (lamps, sweets).
- **Holi** — festival of **colours**.
- **Eid, Christmas, Onam, Pongal** — celebrated across India's many communities.

3. Important world/awareness days

- **World Environment Day** — **5 June** (protect nature, plant trees).
- **World Water Day** — **22 March** (save water).

4. Organisations to know

Organisation	Works for
ISRO	India's space research
NASA	Space research (USA)
WHO	World health
UNICEF	Children around the world
United Nations (UN)	World peace

5. Science & space progress

- Rockets and satellites are launched by **space agencies** (ISRO in India).
- Landing a spacecraft on the Moon is a big step in **science and technology**.
- **Vaccines** protect us from diseases.

6. Why current affairs matter

- Staying informed makes us **aware, responsible citizens** and helps us understand the world.
-
-

Common exam traps

- **Independence Day = 15 August, Republic Day = 26 January** — a very common mix-up.
 - **Diwali = lights, Holi = colours**.
 - **ISRO = space (India), WHO = health** — match the organisation to its field.
 - The **Olympics are every 4 years**, not every year.
-
-

Quick recall

1. Independence Day → **15 August**; Republic Day → **26 January**
2. Festival of lights → **Diwali**; of colours → **Holi**
3. India's space agency → **ISRO**
4. World Environment Day → **5 June**
5. World health body → **WHO**; works for peace → **United Nations**

6. Gandhi Jayanti → **2 October**
